... AFFORDABLE HOUSING

A member of the public had asked for this to be put on the agenda as he has concerns about the lack of affordable housing for the young residents of Dartmouth and the definition of what is truly affordable. He requested that the Town Council and the local press get involved to lobby for houses to be built in Dartmouth that are realistically priced and only 4 times the average local wage and not the 13.2 times that is the current requirement to get on the housing ladder. The Chair said that the Council would carry out some research to see what could be done and would look to discuss this at a later date but also advised that there was a possibility of a development on the outskirts of Dartmouth involving the Guinness Trust which would hopefully provide affordable a number of houses.
