**55 PRESENTATION BY MARK EDWARDS OF BAKER ESTATES**

There was a brief presentation by Mark Edwards about the position of the development at **Land at SX857 508 adjacent to Townstal Road** (items A & B on the agenda). He explained that the delay had occurred due the change in the Planning Officer in charge, and the fact that she hadn't liked some of the designs and renegotiations had delayed the project by four to five months. Other changes were due to South Hams having a new policy, where they were looking at all properties with render having slate rooves and the developer had been asked to change to have predominantly render. During this period, they had taken the opportunity to make some changes. However, work had already started to clear the hedges and ground ready for the road access site.

Cllr Rendle expressed a hope that the industrial units were included in the earlier tranche of building as it was important for the town and would bring in financial support for the other tranches that would follow. Mark Edwards agreed and said that it was very much part of the plan.

Cllr Webb asked if there was a contingency plan due to the delay in respect of the heavy volume of visitors that visit Dartmouth in the spring and summer. Mark Edwards confirmed that they had in depth contingency plans, however, two thirds of the road construction would take place within the land that they owned, and they had worked very closely with Highways to cause minimal disruption. They were looking at drilling underneath the road to put in the deep drain to avoid having to dig up the main road.

The Chair confirmed that he had checked and there would be no effect on the S106 money. The Chair thanked Mark Edwards for his presentation.

**Recommend Refusal on the grounds of an overdevelopment of the site and in an AONB and a conservation area and is outside the building line of the old Settlement Boundary. There would appear to be massive Highways issues which would cause distress and anxiety to neighbouring residents.**

A member of the public read out objections to this application (**Appendix C**)

**Recommend Refusal on the grounds that based on the information given by the objectors, there appears to be some misrepresentation of the facts. The property has previously been advertised on Air B&B which is contrary to an email from South Hams District Council saying that it was not allowed. The Committee also feel that this is not a caravan and is yet another misrepresentation of the facts. The Committee would therefore urge South Hams District Council to investigate matters further before reaching a decision.**

**The Committee strongly request that this is put before the Development Management Committee and not Officer delegated**
