TOWN COUNCIL

Longcross Cemetery Memorial Stability Testing 2024

Dartmouth Town Council has a legal requirement to ensure all headstones and memorials are deemed safe and secure.

Trained staff will be testing the stability of each headstone/memorial by hand and will take place throughout 2024.

Those deemed unstable will be laid down or stake and banded as a temporary support.

It is the responsibility of the grave owner, applicant, or their next of kin, to make sure that the memorial is kept in a safe condition, so for those that fail the owner will be asked to get it repaired.

Please do not hesitate to contact the Town Council Office on 01803 832281, if you have any questions about the process.
